

ADAMS-CEDAR HILL WATER SYSTEM  
P.O.Box 69, 608 Keysburg Road  
Adams, Tennessee 37010

Application for Water Service

I \_\_\_\_\_, hereby request the Adams-Cedar Hill Water System to provide water service at my property located at \_\_\_\_\_.

Applicant Agrees to:

- 1) Pay the applicable fees for connection;
  - A. 3/4" Tap (Residential) \_\_\_\_\_ Meter Fee \_\_\_\_\_
  - B. 1" Tap \_\_\_\_\_ Meter Fee \_\_\_\_\_
  - C. All other taps (Actual Cost Plus) \_\_\_\_\_
- 2) Connect to the water system at the meter to serve the above property and install their own service line from the meter to the place of actual water use.
- 3) Begin paying minimum bill the month following installation of the meter, regardless of whether water is actually in use. (Rates subject to change as determined by the Adams-Cedar Hill Water Board.)
- 4) Comply with the bylaws, rules, and regulations of the Cities of Adams and Cedar Hill, the Water System, and the TN Dept. of Health.
- 5) Not connect more than one household to a Tap.
- 6) Not have water supplied by ACHWS connected in any way with water from another source (ie: wells, springs, cisterns) which violates section 68-13-701 thru 68-13-719 of the Tennessee Code Annotated---Rules and Regulations for public water systems.
- 7) Grant the ACHWS the right of ingress and egress necessary to operate and maintain its lines and appurtenances, including the monthly reading of meters.

The Adams-Cedar Hill Water System Agrees to:

- A) Seek adequate financing sufficient to provide safe, sanitary, and adequate water distribution to all applicants when economically feasible.
- B) Furnish and install a tap into the system's main lines and complete water meter installation at the applicant's property line or right of way.
- C) Operate and maintain the system and to provide water in a non-discriminating manner.

MUTUAL Agreements:

- 1) Any loan obtained to finance the Water System will not be a lien on the applicant's property.
- 2) If for any reason it is not feasible to serve the applicant at his property line or right of way, the connection and meter fees will be refunded.
- 3) The ACHWS will furnish a maximum of 100 ft. of line between the main and the meter assembly.
- 4) Applicants requesting installations at a greater distance will pay all additional cost necessary to complete request, and will obtain all easements required.
- 5) ACHWS guarantees State required minimum water pressure at the main.
